population of these 25 cities is 11,042,109. In 1900 they had an aggregate population of 8,273,482; in 1890, 6,213,583. The percentage of increase for these cities, taken in the aggregate, shows very little change in the rate of growth, the percentage from 1890 to 1900 being 32.2 and from 1900 to 1910 being 33.5. For the 24 cities, exclusive of New York, the corresponding percentages of increase are 30.5 and 29.8. The total number of cities that had a population of over 100,000 at the census of 1900 was 38. The number will be considerably larger at the present census. Of the cities whose population has already been announced, Atlanta, Grand Rapids, Bridgeport and Albany have passed the 100,000 limit since 1900.

HUNTSVILLE MUST PAY LIGHT BILLS

In relation to the disincorporation of the city of Huntsville, the Utah Light & Railway company filed a claim yesterday against the defunct municipality for light in the sum of \$24.40.

Huntsville streets are still being lighted, but there is no power by which a tax can be levied for the payment of the same. The affairs of the disincorporated city have not been finally adjudicated, and it remains for the Second district court to arrange for the settlement of the light bills and all other bills that are proper charges against the erstwhile city.

These claims are presented to the county clerk and, upon the order of Judge Howell, he pays them, the final settlement to be met by the taxpayers of Huntsville.

NEW HAMPSHIRE POLITICS BOILING

Insurgents and Regulars Have Busy Sessions—Democrats Are Inactive.

CONCORD, N. H., Sept. 3.—The issue between regulars and progressives has been sharply joined in the Republican ranks in the campaign for the primaries which will be held in New Hampshire on Tuesday, Sept. 6. The campaign practically closed tonight.

Wide-spread interest has been displayed in this, the first state-wide direct primary in the history of New England. The Democrats, with no rivalry for the principal nominations on their ticket, have shown little interest.

The Republicans have had a lively contest. The chief interest has centered in the contest between the progressive candidate for governor, Robert P. Bass of Peterborough, and Colonel Bertram Ellis of Keene, a regular.

Mr. Bass has accused Mr. Ellis of being controlled by the corporations, which Mr. Ellis has denied.

In the First district Congressman Cyrus A. Sulloway of Manchester has been actively opposed by Sherman E. Burroughs of the same city, who has based his campaign chiefly on the charge that Congressman Sulloway is a supporter of Speaker Cannon.

Eat and Get Thin

This is turning an old phrase face about, but modern methods of reducing fat have made this revision possible.

If you are overfat and also averse to physical exertion and likewise fond of the table and still want to reduce your excess flesh several pounds, do this: Go to your druggist for the Marmola Co., 1121 Farmer Bldg., Detroit, Mich., and give him (or send them) 75 cents. For this modest amount of money the druggist will put you in the way of satisfying your ambition for a nice, trim, slim figure. He will hand you a large case of Marmola Prescription Tablets (compounded in accordance with the famous Marmola Prescription), one of which you must take after each meal, and at bedtime until you begin to lose your fat at the rate of 12 to 16 ounces a day. That is all. Just go on eating what you like, leave exercising to the athletes, but take your little tablet faithfully and without a doubt that flabby flesh will quickly take on itself wings, leaving behind it your natural self, neatly clothed in firm flesh and trim muscles.

SALT LAKE CANNOT BE FOUND

It was reported to the sheriff's office yesterday that the family of Wallace Wallace of Salt Lake are much concerned about him, it being feared he has met with foul play.

Mr. Wallace, after having a check for \$125 cashed three days ago, left home and has not been heard of since. He has a wife and two children who are worried over his departure from home. They have requested the officers to trace him.

It is said that Mr. Wallace is a man of good habits, not being addicted to drinking or gambling and that he would have no occasion, so far as the wife knows, for leaving home so unceremoniously. He is a young man, only 21 years of age, is five feet, ten inches tall, and is light complexioned. Sheriff Wilson will appreciate information regarding the man's whereabouts.

BALL GAMES ON SUNDAY AND MONDAY

The final games in the State league schedule will be played at the Fair Grounds today and tomorrow, the Labor day game finishing the season. Monday the Ogden play their last game of the season. The opposing team will be the ill-fated Salt Lake, so that Ogden has yet to play both the tail-enders of the league. Today's contest will start at 3 p. m. and the game on Monday will be called at 1:30 in the afternoon.

JAP COMPLAINS AGAINST WOMAN

On the complaint of a Japanese in the Red Light district Friday, Nettie Cohn was arrested by the police charged with stealing \$150 from the man's pocket. The police are inclined to doubt the story of the Jap.

When questioned by the police this morning, the Cohn woman stoutly denied the accusation of the Japanese. She admitted that the man had been in her place, but maintained that she did not relieve him of any money. The Jap, although he promised to appear against her this morning, did not make his appearance and the officers suspect that his story of the theft is not to be relied upon.

The suspected woman is being held at the city prison pending further police investigation.

CELEBRATION ENDS IN PECULIAR DROWNING

EDWARDSVILLE, Ill., Sept. 3.—The celebration of J. A. Rifer, aged 50, over his release from jail resulted in death. He was found drowned in a pool of water, caused by a tiny stream from a steam jet at the site of a marble plant here this morning. The stream of water from the steam jet was originally hardly wider than a ribbon. Rifer fell down and his body dammed up the rivulet. During the night the water accumulated and drowned him.

GIRLS ARE HOMESTEADING IN A COLORADO COUNTY

Greeley, Colo., Sept. 3.—Teaching school and homesteading land will be the combined industries of some fifty young eastern girls in Weld county this school year. During the last two weeks these teachers have been busy building their claim shanties, in many cases the girls doing the work themselves.

Wherever possible four girls have taken up adjoining quarter sections and have erected a common house at the point where the four claims meet, the house being so arranged that one room is located on each claim. Each young woman will occupy the room on her own land, thus fulfilling the requirement of the homestead law, which demands that the person taking up the land shall live on it for a certain period of the year.

TO WHOM IT MAY CONCERN

Since we started in business here two years ago we have purchased about 9,000 cream cans, costing us approximately \$19,000.00. A great many of these cans we have lost track of the principal reason being the careless manner in which the Express Companies are returning empty cans. We now ask the friendly help and assistance of the public in securing possession of our property.

We estimate that about 4,000 cans have gotten away from us and are used for other purposes. We have taken steps, however, to secure our cans and have put agents in the field that will visit every farm house, every restaurant, store, creamery, dairy, railroad yard and station in the state and secure for us these cans.

Our cans are furnished for the shipping of milk and cream, to be used on our cream routes and for no other purpose. If our cans are used for any other purpose it is against our will and we expect to take steps to protect our property.

We will appreciate the friendly help and assistance of the public at large and will ask you to kindly deliver to our bankers, agents, or those that are shipping us cream, such cans not now in our service.

We herewith serve notice on railroads, express companies, competing creameries and the public, that if they use our cans for any other purpose than that of shipping and gathering milk and cream for us, they do

LECTURE AT LABOR HALL
363 24th Street
Sunday, Sept. 4, 8 p. m.

"The Past, Present and Future of Man," will be the topic of G. M. Hunt, traveling lecturer for the International Bible Students' association, at 363 24th St., Sunday, Sept. 4, 8 p. m.

national Bible Students' association, at 363 24th St., Sunday, Sept. 4, 8 p. m.

Mr. Hunt arrived in this city Thursday morning, having recently addressed large and attentive audiences in the various cities of Colorado and Utah and elsewhere. Mr. Hunt's subject, "The Past, Present and Future of Man," is of vital importance to every thoughtful mind. This greatest question of all time will be fully explained. The overthrow of Satan's empire! Hope for the captives! "Is the good mother forever separated from her wayward loved ones who have died outside all hope and inside eternal torment and despair as some would have us believe?"—Atlanta Constitution.

"Where will your unconverted friend spend eternity?" PARADISE LOST AND RESTORED.

Mr. Hunt claims to present his wonderful theme in full harmony with all the sacred word which when understood shows God's book to be in harmony with itself and reason. Many honest skeptics have been converted to Christianity by this logical teaching concerning the character and plan of God. Many sincere Christians have been wonderfully benefited by it. Mr. Hunt's presentations are convincing, clear and satisfactory to all believers in God's word. All who hear cannot fail to be benefited. The hall should be well filled considering the kind of instruction that will be given. The large chart will be a revelation of knowledge when explained. Free admission and no collection. For all men and women. Don't miss it. Undenominational.
